

MCAS Action Plan

Directions: Based on the findings, briefly delineate how you plan to address the areas where grade level students are not performing at least at 75% mastery level. **The identified goals will be an integral part of the 2007-2008 Pacing Guides.**

Identified Goal (s) (i.e., To improve student comprehension & analysis of graph and table data.) (Grade 5)	Action Steps What strategies/actions need to be taken?	Resources Needed What resources are needed to carry out the action? (material, people, funds)	Evidence of Quality Implementation How will progress be measured?	Responsible Parties Who is involved in the action? Who is responsible?
1. To ensure previously taught standards are mastered.	*Adequate review of all 3 rd and 4 th grade science standards	*Cooperative effort to share science time for 3 rd , 4 th , and 5 th grade teachers to review skills previously taught	*Improved test results on review tests comprised of MCAS items related to 3 rd and 4 th grade standards	* 3 rd , 4 th , and 5 th grade teachers
2. Introduce plan for teaching test taking skills	*Conduct test-taking skill lessons	*Dept. of T & L staff *Practice tests *Smartmasc.com and other websites	*Increased test taking abilities on varied assessments	*MRE staff *T&L staff *Title I Tutor

Please note: Nashoba Regional School District 2006-2007 K-12 MCAS Action Plans can be found on the Department of Teaching & Learning SharePoint site <http://web.nrsd.net/nrsd/pd> (in the MCAS Action Plans folder) under Documents.
